Foodstuffs—Protection. (Reg. Bd. of H., Apr. 28, 1913.)

REG. 64. That meat, poultry, game, fish, sea food, dried or preserved fruits, dates, figs, cherries, grapes, berries, cut fruits, cut melons, cracked nuts or nut meats, candies, maple sugar, confectionery, or bakers' products shall not be kept, sold, or offered for sale in or near an open window or doorway, outside of a building or in any street, private way, or public place of the city of Quincy, unless so covered or screened as to be protected from dust and flies, or from contact with animals. No article intended to be used as food shall be exposed or displayed in any street or way, or in front of any place of business, unless the bottom of the box or other receptacle containing such articles is raised at least 24 inches above the sidewalk, platform, or landing upon which such receptacle rests. Meats or other products as named above shall not be carried through any street, private way, or public place unless properly protected or screened from dust and flies. Every person being the occupant or lessee of any room, stall, building, or place where any meat, poultry, game, fish, sea food, milk, vegetables, butter, fruit, confectionery, bakers' products, or other articles intended for human food shall be kept, stored, sold, or offered for sale, shall maintain such room, stall, building, or place, and its appurtenances in a clean and wholesome condition. Every peddler of foodstuffs from wagons or carts, in addition to the covering or screen provided for in this order, shall keep in his wagon or cart a suitable receptacle for the wastes of his business; such wastes to be disposed of in a manner that shall not create a nuisance. No person or corporation, individually or by its agents, servants, or employees, shall transport meat or poultry of any description through the public streets or ways of the city of Quincy, except in wagons or vehicles which have been thoroughly washed at least once in every 24 hours.

Ice Cream—Manufacture, Care, and Sale. (Reg. Bd. of H., Apr. 28, 1913.)

REG. 66. No ice cream shall be manufactured or stored in any portion of a building which is used for the stabling of horses, or other animals, or in any room used in whole or in part for domestic or sleeping purposes, unless the manufacturing and storage room for ice cream is separated from other parts of the building to the satisfaction of the board of health. All rooms in which ice cream is manufactured or stored shall be provided with tight walls and floors and kept constantly clean. The walls and floors of said rooms shall be of such construction as to permit rapid and thorough cleansing. The room or rooms aforesaid shall be equipped with appliances for washing or sterilizing all utensils employed in the mixing, freezing, storage, sale or distribution of ice cream, and all such utensils after use shall be thoroughly washed with boiling water, or sterilized by steam. Vessels used in the manufacture and sale of ice cream shall not be employed as containers for other substances than ice cream. All establishments in which ice cream is manufactured shall be equipped with facilities for the proper cleansing of the hands of operatives, and all persons immediately before engaging in the mixing of the ingredients entering into the composition of ice cream, or its subsequent freezing and handling, shall thoroughly wash his or her hands and keep them cleanly during such manufacture and handling. All persons shall be dressed in clean outer garments while engaged in the manufacture and handling of ice cream.

No urinal, water-closet or privy shall be located in the rooms mentioned in the preceding section, or so situated as to pollute the atmosphere of said rooms. All vehicles used in the conveyance of ice cream for sale or distribution shall be kept in a cleanly condition and free from offensive odors. Ice cream kept for sale in any shop, restaurant or other establishment, shall be stored in a covered box or refrigerator. Such box or refrigerator shall be properly drained and cared for, and shall be kept tightly closed, except during such intervals as are necessary for the introduction or removal of ice cream or ice, and they shall be kept only in such locations and under

such conditions as shall be approved by the board of health. Every person engaged in the manufacture, storage, transportation, sale or distribution of ice cream, immediately on the occurrence of any case or cases of infectious disease, either in himself or in his family, or amongst his employees, or within the building or premises where ice cream is manufactured, stored, sold, or distributed, shall notify the board of health and at the same time shall suspend the sale and distribution of ice cream until authorized to resume the same by the said board of health. No vessels which have been handled by persons suffering from such disease shall be used to hold or convey ice cream until they have been thoroughly sterilized. All cream, milk, or skimmed milk, employed in the manufacture of ice cream, shall before use be kept at a temperature not higher than 50° Fahrenheit. No old or melted ice cream, or ice cream returned to a manufacturer from whatever cause, shall again be used in the preparation of ice cream.

REVERE, MASS.
